Introducing Toshiba's latest

3D Blu-Ray Player

Meet the new BDX3200, Toshiba's first 3D Blu-ray player in Asia. With a pair of 3D Glasses and a 3D Television, recreate an authentic cinematic experience right in your living room! You will find yourself dodging flying 3D objects! Fun for the entire family!

FEATURES

3D
Recreate the cinematic experience at home with 3D Blu-ray for superior home entertainment and lifelike images. When connected to a 3D TV 3D Blu-ray offers a whole new kind of home cinema, with greater depth of field, enriched colours and images that appear as if they are leaping from the screen.

1080p Full HD
Enjoy movies in true high definition. Supports 1920x1080 resolution content, the highest definition signal currently available offering outstanding picture quality and image reproduction. Blu-ray offers up to six times the picture quality of standard DVD.

BD-Live™
Extend your movie watching experience

with access to additional and interactive content and bonus features from the Internet via Ethernet port. Enjoy bonus features and exclusive downloads such as alternative endings, extra scenes and trailers, and trivia games.

Dolby True HD & DTS HD
Superb sound quality to match the high definition visual performance, Dolby True HD and DTS HD via HDMI deliver 100% lossless audio transmission ensuring that the output is identical to the original studio recording.

HDMI
HDMI connectivity provides an easy way to connect your Blu-ray player to your HD TV and upscales your standard definition DVDs to 720p, 1080i or 1080p for an enhanced viewing experience.

USB
USB connectivity provides an easy way to playback your compatible videos, music and photos via your Blu-ray player without the hassle of burning DVDs or CDs.

DivX® HD/DivX® Playback
Don't limit your digital videos to your computer; burn DivX movie downloads to disc for high-quality playback. With DivX you can fit up to six standard definition movies onto a single DVD.

MP3
Use your Blu-ray player for more than watching movies, listen to your MP3 music files via USB, CD-R and CD-RW.

HD Jpeg/ Jpeg
Enjoy photos on the big screen by viewing them on your TV via your Blu-ray player.

REGZA 55ZL800
CEVO ENGINE

Satellite A665
Powered by Intel® Core™ Processor

3D Blu-ray Player
BDX3200KA

Toshiba redefines 3D entertainment with the introduction of the new 3D Blu-ray player. Together with the REGZA 55ZL800 3D LED LCD TV and Satellite A665 3D Laptop, 3D Entertainment with Toshiba has never been better.

Laptop (Satellite A665)

Visual excitement moves to a higher gear with the Satellite A665, powered by Intel® Core Processor™. With 3D* in-your-face realism for movie and gaming buffs, images are truly stunning, speed extremely gratifying. Harmon Kardon® Stereo Speakers and a host of turbo-charged features on a HD Clear SuperView display complete the awesome experience.

*Also available in non-3D.

TV (REGZA 55ZL800)

Immerse yourself in a new dimension in the world of super luxury. Indulge yourself with the all-new Toshiba REGZA 55ZL800, the 3D LED LCD TV that takes the high life to a whole new level. The sleek exterior is matched by the ingenious technology of the powerful CEVO Engine that gives you unprecedented pleasure in home entertainment. Add another touch of rich to your world with REGZA 55ZL800.

3D Blu-Ray Player (BDX3200KA)

When the time comes to pop a disc into that tray, make sure you get every last ounce of entertainment you've been waiting for, whether the latest 3D Blu-ray movie title or a DVD title from your movie library. Turn to Toshiba's BDX3200 Blu-ray player that offers legendary Toshiba quality and innovation. Then sit back, press Play, and treat yourself to incredible sights and sounds, plus exceptional convenience and connectivity.

3D Entertainment with Toshiba
